

# Plumbing Plans

Advantage Plan starts at **\$19** per month

## Good Grooming Is Essential For Your HVAC & Plumbing Systems

Responsible pet owners would never dream of failing to schedule regular checkups and grooming appointments for their best friends, would they? Well, when you're a homeowner, it's just as important to schedule routine maintenance and tune-ups for your heating, cooling and plumbing systems, too. These visits allow your best friends at Ready & Able to keep your systems on a tight leash - operating as efficiently, affordably and worry-free as possible.

During our routine maintenance visits, Ready & Able will sniff out and fix (with your approval, of course!) any small issues with your heating, AC and plumbing. This prevents those problems from spiraling out of control into more serious (and costly) disasters.

# Heating and Cooling Plans

<b>Annual Price:</b>	<b>\$99</b>	<b>\$219</b>

- 1: Must maintain agreement through entire warranty period to receive extended warranty.
- 2: We must perform a tune up of heating or cooling system prior to guarantee starting and any repairs that are recommended on each tune up must be completed for guarantee to be valid. You will receive half off of any repairs if you experience a breakdown for an entire year for the piece of equipment that we performed maintenance on from time of maintenance. Coils, compressors, heat exchangers and drains are excluded.
- 3: If transferring to a new home, it must be in our service area and have equipment we work on, call for details. Warranties do not transfer.
- 4: With install of one of our units that come with 10 year labor warranty and/or lifetime unit warranty. See warranty details with install for more details.
- 5: Must be willing to pay emergency service fee if regular hours not available. 24 hour response time from time of call until technician dispatched.
- 6: With annual renewal and no gaps in membership.
